English — Fluent

Hindi — Native

Gujarati — Native

PROFESSIONAL SUMMARY

Passionate Full Stack Developer with 5+ years of experience designing and building scalable web applications. Proficient in the MERN stack, I specialize in creating intuitive user experiences backed by robust backend architectures. I thrive in fast-paced environments and am committed to writing clean, maintainable code that drives real business value.

WORK EXPERIENCE

Senior Full Stack Developer

Jan 2023 – Present

Tech Company · Full-time

- Led development of a multi-tenant SaaS platform serving 10,000+ users using React, Node.js and MongoDB
- Architected RESTful APIs with 99.9% uptime, reducing response time by 40% through caching strategies
- Mentored 3 junior developers and introduced code review practices that reduced bugs by 35%
- Integrated CI/CD pipelines using GitHub Actions and Docker, cutting deployment time by 60%

Full Stack Developer

Jun 2021 – Dec 2022

Startup / Agency · Full-time

- Built and maintained 8+ client projects using React, Next.js and Express.js
- Developed a real-time chat system using Socket.io serving 500+ concurrent users
- Improved Lighthouse performance scores from 60 to 95+ through code splitting and lazy loading
- Collaborated closely with UI/UX designers to implement pixel-perfect responsive interfaces

Frontend Developer Intern

Jan 2021 – May 2021

Web Agency · Internship

- Developed reusable React component library used across 5+ projects
- Converted Figma designs to responsive, cross-browser-compatible HTML/CSS/JS
- Integrated third-party APIs including payment gateways and Google Maps

ACHIEVEMENTS & CERTIFICATIONS

- Meta Front-End Developer Professional Certificate — Coursera
- AWS Cloud Practitioner — Amazon Web Services
- Built and deployed 15+ production-ready web applications
- Open source contributor with 200+ GitHub contributions in the last year
